## SOUTH MOUNTAIN BLAZES PUT OUT THIS MORNING; ISSUE WARNING

Smoke from burned-over timberland in the South Mountains joined the haze hanging heavily over this area from larger fires in southern states Friday afternoon and early this morning.

Smoke from the local fires increased the smell of burning trees today, although the great mass of haze, which turned the moon blood-red during the night and made the sun a red disc this morning, was said by District Forester Thomas Norris, at Caledonia, to be coming from West Virginia, Kentucky and Tennessee fires.

Students at the Pennsylvania State Forestry School at Mont Alto, forest fire fighting crews from throughout the mountain area, and regular fire companies were called in to battle the woodland conflagrations in Adams County.

### Fire Watchers Hampered

Two fires, one on Green Ridge, and the other near the farm of D. L. Strausbaugh, Orttanna R. 1, started about 4 o'clock this morning. By 8 o'clock the fires were reported out. About two acres were burned over near the Strausbaugh farm, and five acres on Green Ridge, on the Waynesboro water shed, near the Naugle property.

District Forester Norris, in reporting the dispatch of crews to the scene of the two fires this morning, said visibility on the fire towers from which watchers constantly scan the mountains had been reduced to about one mile by the haze, preventing early discovery of the blazes.

Fire companies from Fountaindale, Fairfield, Blue Ridge, Waynesboro and Thurmont joined Forest School students and others in battling a blaze in Cove Hollow, south of the "Little Pentagon" tunnel in Raven Rock mountain at Fountaindale about 2 o'clock Friday afternoon. Estimates of damage ranged from six to 10 acres.

### Warning Issued

Friday evening Emmitsburg Fire Chief John Hollinger and several firemen extinguished a blaze in grass along Route 15 near St. Joseph College. Hollinger, passing by, saw the grass blazing, apparently set by a lighted cigarette thrown from an automobile. He said the blaze, detected within minutes after it started, was near a woodland section.

Hollinger and other fire chiefs joined in a warning to all persons (Continued on Page 2)

Egg prices remained unchanged, with large whites and browns selling for 75 cents a dozen and mediums for 65 cents a dozen.

## Rigid Ban On Burning Debris In Gettysburg

A "closed season" on all bonfires was imposed in Gettysburg today because of the extremely dry weather and almost tinder-like condition of fields and backyards.

Burgess William G. Weaver and Fire Marshal Donald E. Staub joined this morning in an emergency order prohibiting the burning of trash, brush, leaves or any other debris anywhere within the borough.

"Don't start a fire of any kind," the fire marshal warned. "Everything is so dry a fire of serious proportions could be started easily."

## NEW MACHINE PURCHASED FOR HOSPITAL USE

The Annie M. Warner Hospital made another forward step Friday evening when the board of directors authorized the purchase of a Flame Photometer for the hospital laboratory. The machine is a relatively new device used to determine potassium and sodium content in blood and in body fluids. Delivery of the new equipment is expected in four months.

The purchase was authorized after Dr. C. Harold Johnson, president of the medical staff and the hospital pathologist, explained the advantages the machine would give to the service at the hospital.

The important contributions were received by the directors at the meeting. The Women's Auxiliary of the hospital presented a check for \$1,200 toward the cost of air conditioning the surgical suites and the Exchange Club of Gettysburg offered to erect a sign on the hospital grounds to identify the structure and its entrance. The sign will be 12 feet long and will be of attractive design. The Exchange Club's offer was accepted with thanks.

### 284 Patients In September

Mrs. Henrietta H. Blocher, president of the Auxiliary, told the directors in her letter that "all of our auxiliary throughout the county participated in our annual benefit for the air-conditioning project and it is a great pleasure and satisfaction to act in their behalf in presenting you with \$1,200 toward the cost."

With an average daily occupancy of 59 patients, September was an "off" month at the hospital. Admissions totaled 284 and births 85. The earned income of the hospital was \$21,403.05 while expenses were \$25,390.47 including nearly \$5,000 write-offs for free service and state appropriations.

John Hauser presided over the meeting which was attended by the following directors: C. P. Keefe and Richard Livingston, New Oxford; William Sneringer and Wilbur Bankert, Littlestown; Edgar McDannell, Arendtsville; Philip M. Jones, Joseph E. Codori, Carl Baum, Dr. Frank H. ## OCTOBER WAS FAIR, COOL AND SHORT OF RAIN

Cool, clear and dry—especially dry.

That was the weather picture here in October.

Measurable amounts of rain fell on only seven days last month and the total rainfall for the 31-day period was less than half of normal. The Gettysburg Times weather records showed today. Precipitation last month amounted to only 1.61 inches and normal is 3.33 inches, leaving a shortage of 1.72 inches. Last year in October only 1.23 inches of rain fell in another fall drought.

Temperatures that dropped to freezing or below on nine mornings sank as far as eight degrees below freezing to come near an all-time record for the month. The lowest October reading ever taken here was 23 degrees.

The average temperature for the month was 51.4 degrees with an average high of 64 degrees and an average low just below 39 degrees. The normal October average is 53.6 degrees leaving the average day last month 2.2 degrees cooler than it would have been if the mathematical normal weather had prevailed.

There was a thundershower and high winds on October 2 and fog was noted on four days or nights but for the most part October's bright blue weather prevailed. The first frost came on October which was neither early nor late.

## How Many Winners Can You Pick In Next Week's Games?

How many football winners can you pick next week?

The deadline for this week's entries in The Gettysburg Times Football Contest closed Friday at 5 p.m., but there will be a new opportunity to study the games and select next week's winners.

Hundreds have been doing this and many have won merchandise certificates ranging in value from \$15 to \$250.

Look for next week's contest announcement Monday and the advertisements contained in it of the sponsoring Gettysburg merchants, with the names of next week's opponents.

Each merchant's advertisement will carry one outstanding football game, to be played next week.

The advertisement will also have the names of the two opponents picked for the feature game of the week. Closest guess to the total

score of both teams in this feature contest will determine ties, if any, in the selection of the most winners in the contest.

Fourteen merchants will carry in their ads the opponents in 14 leading football games next week. Read the advertisement, get an entry blank, and pick the winners.

The rules are simple: Obtain an entry blank from one of the merchants whose ads appear in the contest announcement. Make your choices and submit your entry to The Gettysburg Times not later than 5 p.m. on Friday, November 7.

But — Only one entry to a person, please!

Prizes will be, first, a \$15 merchandise certificate; second, a \$7.50 certificate, and third, a \$2.50 certificate.

Winners will be announced on the Wednesday following the games.

## Eight Buildings Burned In Prison Riot At Columbus, O.

COLUMBUS, O. (P)—Two thousand angry convicts rioted for six hours in century-old Ohio Penitentiary last night before the uprising was quelled.

Eight buildings went up in flames.

Furnishings and equipment were savagely beaten into wreckage. A state highway patrolman, mistaken for an escaping convict, was wounded slightly on the head by a quick-shooting guard. No one else was injured; no prisoner escaped; no hostage was taken.

### Mobilize Guardsmen

Milling convicts, spurred to anger by the needling of ring-leaders, threatened for a time to attempt a mass escape over the prison's 30-foot wall. Thirty-five grim guards, armed with sub-machine guns, stood their ground. Somehow the escape attempt, if it was in the convicts' minds, never jelled.

Quickly the state and city marshaled forces, pouring 250 guards and officers into the flaming prison compound. Six hundred Ohio National Guardsmen, rounded up from Central and Southern Ohio, mobilized before the sudden collapse of the revolt.

A scheduled 10:30 p. m. offensive by the National Guard became unnecessary. Cold, hungry, beaten, most of the rebellious convicts moved back into the cell blocks minutes before the guard planned

## Missions Official To Speak Tuesday

The Rev. Dr. George D. Fleming of Huntington, Ind., who has been associated with church mission work for the last 40 years, will be the guest speaker at the Idaville United Brethren Church Tuesday evening at 7:30 o'clock.

Dr. Fleming is general secretary of missions of the United Brethren Church. He will deliver an illustrated talk on missions in general and on African mission work in particular. He served in Africa from 1912 to 1932, returning because of his health.

He went back to Africa on April 2, 1952, on a special mission to Sierra Leone and returned to the United States on August 20. The service, to which the public is invited, is sponsored by the Men's Brotherhood of the church.

### Remember Easter Of 1930

Aid for the beleaguered guards at the penitentiary came more quickly than at many places, perhaps because many in Columbus still remember Easter Monday of 1930.

That was the day convicts fired a cell block in a wild escape plot. The fire caused the deaths of 322 prisoners, the biggest toll of any prison fire.

The breakup of the rebellion was held up an hour by the flashing knives of a dozen case-hardened convicts, who bulldozed 600 fellow prisoners into keeping up their defiance.

### Broke Out In Mess Hall

Possible 100 die-hards lingered in the courtyard after the mutiny had fallen apart, eventually forcing guards to bomb them out with tear gas.

Along the Spring Street side of the four-block penitentiary, well after the big shouting was over, some convicts—like enraged bulls—bellowed and broke windows. Guards stifled their yelling with shotgun blasts that tore through the jagged window openings.

The outbreak, primed by a series of other uprisings in prisons across the nation, came in the mess hall at dinner time. Like a flash fire, the mutiny spread through 2,000 convicts, nearly one-half the prison's 4,000-odd population.

## Hershey Knocks Warriors From Race; Triumph 13-0

A hopped-up Hershey High School football team took a long step towards the South Penn Conference grid title by powering under injury-riddled Gettysburg High School, 13-0, before 4,200 fans in the spacious Hershey stadium, Friday night.

Not only did the Trojans eliminate the defending champions from the title picture, but they also dealt the Warriors their first shutout in 17 games. Mechanicsburg last turned the trick in 1950 at Mechanicsburg, 13-0.

The Warriors were in trouble from the start. And couldn't get out of their own back yard. After George Penn kicked off to start the game, the Warriors held and Kulp punted into the end zone. Gettysburg was unable to gain and Skip Fisel punted to the Hershey 42. The Trojans moved to the Gettysburg 40, mainly on Dick Wright's 18-yard dash but again the Warriors held, and Kulp booted out of bounds on the Gettysburg 5. On the first play Fisel punted out of bounds on the Gettysburg 46.

Hershey drove to the Gettysburg 25, but the Warriors held and took over when Ben Klingner missed a first down on a fourth down play. Again the Warriors couldn't gain. Fisel punted out on the Gettysburg 33.

**Trojans Score**  
Ed Petrucci gained 15 as the quarter ended. Frank Capitani hit center for 6. Petrucci gave Hershey a first down on the Gettysburg 7. In four plays, Klingner scored on a quarterback sneak from the one in 2:35 minutes, and then converted.

The Warriors picked up their only first down of the first half a few minutes later after an exchange of punts. With the ball on their own 20, the Warriors moved for seven when Tonsel took a pitchout around left. Fisel ran for four and a first down. Ronnie Williams gained three on a plunge and a Fisel-Skinner pass netted four more. After Tonsel was stopped for no gain, Fisel punted out to the Hershey 34.

The Trojans moved to the Gettysburg 38 in nine plays but again Gettysburg held and took over. A belated passing attack by the Warriors failed to click and Fisel punted out of bounds on the Hershey 25.

**GHS Shows Form**  
Coach Howard Shoemaker's charges opened the second half as if they were going to run Hershey out of the stadium. Williams hit center for two and a Fisel-Skinner pass accounted for seven. Ron Miller hit center for seven more. After Williams drove to the Gettysburg 36, Fisel was held for no gain on a quarterback sneak. Williams picked up eight more but the Warriors were called back and penalized five for offside. It was their only penalty of the game, but it stalled the Warrior drive. A Fisel pass was intercepted by Klingner on the Hershey 47.

Neither team could muster much of an offense until late in the third quarter. Fisel punted out of bounds on the Hershey 25. The Trojans showed their power as they drove for 75 yards on the ground for their second six-pointer. Wright was the big gainer for Hershey in the drive as he picked up 52 yards in four carries. Ed Petrucci cracked over for the score from one yard out in 3:43 of the fourth quarter. Klingner's placement attempt was wide. It was his first miss in 13 tries this season.

**Warriors Halted**  
Bobby Rohrbach returned Klingner's kickoff from his 17 to his 30, and the Warriors were off on their best offensive of the night. Tonsel carried for 7, and Fisel connected with Musser for 9 and a first down. After Fisel was held for no gain, Rohrbach hit center for 7. Tonsel got away for 24 and moved the ball to the Hershey 24. After Fisel's pass to Musser was incomplete, Rohrbach tossed to Musser who went to the Hershey 9. Another Fisel-Musser pass fell incomplete and Rohrbach plunged but gained nothing. A Fisel-Tonsel pass in the flat lost 10. Hershey was penalized by its own 4 for roughing the passer but the Gettysburg threat died when a Fisel-Musser pass was knocked down by a Hershey defender.

## U. S. TEAM TO RETIRE TOP SHOW TROPHY

By BEN FRENCH

HARRISBURG, Pa. (AP)—A weary but stout-hearted United States team tonight officially retires the top prize in international jumping at the Pennsylvania National Horse Show.

The disbanding team of Arthur McCashin, Pluckemin, N. J., Mrs. Carol Durand, Kansas City, Mo., and Billy Steinkraus, Westport, Conn., will be given permanent possession of the 104th Cavalry challenge trophy at the finale of the week-long show.

The Americans removed the trophy from further competition by winning the three-day low score champion for the third straight year. A team victory in the final event yesterday clinched the title.

**Going To New York**  
The trio of veteran riders, who have been jumping in competition almost continually for more than a year, have announced that they will retire from the team after the Royal Winter Fair in Toronto, Nov. 14-22. They compete against the same four foreign teams at the National Horse Show in New York opening Tuesday.

Taking a little of the lustre off the United States victory yesterday was Mexico's Lt. Joaquin D'Harcourt who rode Cordoves to a jumpoff victory over Steinkraus in last night's individual open jumping class.

It was Mexico's fifth first place in 10 events at the week-long show. The U. S. team has won three events and France two. Canada and the Irish Army team have been shut out of the blue ribbons. Meanwhile, a dispute between Mexico's Gen. Humberto Mariles and Maj. Gen. Guy V. Henry (Ret.) was settled in a conference of team captains, show directors and judges.

Brig. Gen. Albert H. Stackpole, PNHS president, issued a statement that standard distances between jumps would be ordered in the future although judges are permitted to deviate from the standards under international rules.

## BRITTON WINS ON TKO IN 8TH

NEW YORK (AP)—Johnny Bratton was hurling challenges at both Welter Champion Kid Gavilan and middleweight king Ray Robinson today after his exciting TKO win over Joe Miceli.

Chicago Johnny, former NBA welter ruler, forced Referee Harry Kessler to stop the fight after 18 seconds of the eighth round last night at Madison Square Garden. Bratton got off fast and Miceli came back strong in the middle rounds to cut Bratton's right eye. Then Bratton opened the throttle wide in a vicious punching exhibition to end it. That was the story of the fight in a nutshell.

**Dr. Keith Fischer To Give Lectures**  
Dr. H. Keith Fischer, Philadelphia physician, will be the speaker on two occasions during a series of "discussion evenings" sponsored by the staff of the Department of Psychiatry of Temple University School of Medicine and Hospital. Dr. Fischer is a son of Mrs. M. Hadwin Fischer of Gettysburg.

The series will open on November 12. Dr. Fischer will speak on "Emotions Create Psychosomatic Illness," on December 10, and on February 18, he will discuss "Release from Tensions." The programs will be held in the Medical School Auditorium, 3400 N. Broad St., Philadelphia, on Wednesday evenings.

All vegetable products were at one time sugar in the leaves of green plants.

## MEXICANS QUIT JUMPING EVENT

HARRISBURG, Pa. (AP)—Two generals differed today over a rule interpretation that caused Mexico to withdraw from the international jumping event at the Pennsylvania National Horse Show.

Gen. Humberto Mariles withdrew his team from the "in and out" event Thursday night claiming the course was not according to international rules. France's Lt. Bertrand du Breuil on Ukase won the event.

"I spend four to five hours a day schooling my horses at the regulation distances and I will not take a chance on injuring them or the riders," Mariles told a newsman. Maj. Gen. Guy V. Henry, a retired U. S. Army officer and chief judge of the week-long show, denied that the course was not according to regulations of the Federation Equestre Internationale, governing body of international jumping.

"The course was set up completely and absolutely according to the rules of the FEI," Gen. Henry replied. "Mariles wanted it set up in the way his horses are trained."

Brig. Gen. A. H. Stackpole, show president, said the PNHS directors would meet with the captains of the five international teams to decide what could be done about the protest.

The dispute centers on the distance between the closely-bunched obstacles known as "in and out jumps." Of the three used in Thursday's events, Mariles claimed the first was four feet too short while the last was four feet too long.

The Mexican general, who in the afternoon won the fault and out event for Mexico's fourth first place in eight jumps, said the "wrong distance on the last obstacle was responsible" for the fall of France's Pierre d'Orliola, 1952 Olympic champion.

D'Orliola was thrown into the last jump when his mount L'Aigle refused. The Frenchman was treated for a scalp cut at the arena first aid station and released.

## HERSHEY BEARS BEAT SYRACUSE

By The Associated Press

The Hershey Bears are back to their old winning days in the American Hockey League. Eastern Division titlists last season, the Bears took a big stride on Thursday as they whipped the Syracuse Warriors, 6-2, at Hershey. The victory enabled them to jump from fifth place into a second place tie with the St. Louis Flyers and just one point behind pace-setting Providence Reds.

Dunc Fisher gave the Bears a pair of goals in the first period. In the second stanza, Joe Schertzel sent a 25-footer into the nets and Arnie Kulman counted on a Hershey power-play.

In the final frame, Norm Corcoran tipped Ray Gariepy's shot into the cage and then Schertzel tallied his second goal of the evening on a flashy three-man attack. The Warriors' scoring was taken care of by Leo Curik. He fired home his first goal on a solo effort in the opening frame and added his second in the final period on a close range shot.

WASHINGTON (AP)—Election Day weather over much of the nation will be fair and mild, the Weather Bureau forecast yesterday. Its special Election Day prediction, as of late Friday: "Indications point to prevailing fair and mild conditions over most of the nation on Election Day except for scattered showers and normal temperatures in the Pacific northwest, the lake region and Ohio Valley, and chilly weather in the northern plains."

## Delone Freshmen Top Cannors 14-7

The Biglerville High School freshman football team dropped a 14-7 decision to Delone at McSherrystown Friday.

McKenrick, a Gettysburg student at Delone, scored for the Squires in the first period on an 8-yard line play. In the second period McKendrick passed about 35 yards to Duvar for the other Squire touchdown. Line plunges produced both extra points.

Biglerville scored its touchdown in the final quarter when Robert Ditzler fired a 35-yard pass to Bryant Rowe. Rice added the point on an end run.

Participating for Biglerville were: Ends, Shaeffer, Heyser, Ankney, Hartzell; tackles, Pitzer, Cline, McGlaughlin, Taylor; guards, Mentzer, Shillito, Coble, Wright; center, Trostle; backs, Rice, Ditzler, Rowe, May, Howe, Smallwood, Weber, Koontz.

Next Thursday Delone will play a return game at Biglerville.

## BULLET FROSH STOP BISONS FOR 24-6 WIN

Gettysburg College's freshman football team chalked up its second victory in as many starts Friday night when it walloped the Biglerville 24-6 at Lewisburg.

The Bullets scored in the first period when Franny Gagliardi, quarterback, whipped a pass to Dick Simciovak.

Simciovak scored his second touchdown of the evening in the second quarter when he raced 35 yards on an off-tackle play.

The third Bullets TD came via a pass, Ken Polack to Ernie Paliszewski.

In the last period Coach Jim Lentz's outfit unfolded a long march which ended with Ed Brown going over from the 5 on an off-tackle thrust.

Bucknell's completely outclassed team finally scored in the late moments of the last period following a sustained drive after receiving a kickoff.

Fine defensive work by the Bullet defensive platoon was one of the highlights of the game.

Next Friday the locals play their first home game when they meet Franklin and Marshall here.

## FAVOR BROWNS TO BEAT LIONS; 49'ERS TO WIN

NEW YORK — The Cleveland Browns, holding a one-game lead in the American Conference, are rated slim one-point favorites over the Detroit Lions tomorrow as the National Football League completes the first half of its season. Meanwhile, the red-hot San Francisco 49ers, holding a two-game edge in the National Conference, are 15-point picks to hand the Chicago Bears their fourth setback in six games.

These games top an attractive schedule which also finds New York at Chicago Cardinals, Philadelphia at Green Bay, Pittsburgh at Washington and Dallas at Los Angeles.

**Lions Need Victory**  
Detroit must win against the Browns or face the possibility of falling three full games behind the 49ers. After a so-so start, winning two of the four games, the Lions finally got rolling last Sunday and swamped Green Bay, 52-17.

The unbeaten 49ers (5-0), featuring the explosive running of rookie Hugh McElhenny and Joe Perry, should have little difficulty with the Bears. Two weeks ago the 49ers handed the Chicagoans their worst drubbing in history, 40-16.

The Giants, seeking revenge, are six-point picks to stop the Cardinals. Two weeks ago the Cards started the Giants on a two-game losing streak by winning a 24-23 thriller in the Polo Grounds.

**Pick Redskins**  
At Washington, the Redskins will be three-point favorites to win their first home game of the season and stop Pittsburgh's one-game winning streak.

Defending champion Los Angeles, after a dismal start, can reach the .500 mark by whipping the Texans, which the odds say they'll do by at least 24 points. Dallas, which hasn't won yet, figures to lose its sixth straight.

Green Bay and Philadelphia are rated even for their game.

## PARRIS ISLAND, VILLANOVA TIE

VILLANOVA, Pa. (AP)—Team Capt. Bob Haner of unbeaten Villanova played like a one man band as he battled the powerful Parris Island Marines to a 20-20 tie last night.

Haner scored all 20 points—three touchdowns and two conversions—for the favored Wildcats, who were outplayed most of the way by the heavier leathernecks.

The 200-pound fullback, leading scorer among Pennsylvania Colleges, crashed over from short range twice in the third quarter.

He pulled the game out of the fire in the final period when he snakehipped 9 yards through the Parris Island defense for his last TD. His conversion tied it up.

The rugged leathernecks piled up an early lead on TD's by Sam Vacanti, Bill Nixon and Le Elter.

## THE DUTY OF HAPPINESS

Robert Louis Stevenson was an inspiring writer. A great part of his life was spent as an invalid, yet you read no pessimistic words from his books and essays. He once wrote: "By being happy, we sow anonymous benefits upon the world, which remain unknown even to ourselves or, when they are disclosed, surprise nobody so much as the benefactor." A happy person is forever radiating good will, reflecting light where only darkness has been, and on the whole making all about him happier and more comfortable about this business of life itself. Meeting an unhappy person is like stepping from the sunlight into a deep shadow.

It is our duty to seek and to cultivate happiness. And then to distribute it! No one wants any portion of our unhappiness. One of the happiest men I have ever known was a retired minister in Chicago. He had nothing in a material way. He lived in a small room, and made a few dollars here and there by odd services, but he was forever hunting out opportunities to be kind or helpful to someone. His wonderful mind spread cheer and hope all about him.

Not only is happiness a duty, but a rare privilege. We can give nothing of ourselves without getting far more in return. That's the secret—we get by giving. Have you ever noticed how people gather about a happy person, as though eager to discover the secret? I have seen big men pause in their work along the street to look into the face of a smiling child, as though to extract a ray of that happiness.

One of the inherent rights of an American citizen was declared to be "the pursuit of happiness." In one of George Washington's last utterances to "the citizens of America" he said: "Happiness is ours, if we seize the occasion and make it our own." He referred, of course, to national happiness. But it is as true in personal happiness. We must reach for it when near, making it ours as much as we can.

## DINNER HOUR

When I go out with friends to dine I hope for pleasant chatter. I like to drop from seven to nine. Affairs that greatly matter.

The time that's spent from soup to fruit With laughter should be lightened. Not spoiled with quarrelsome dispute And lips in anger tightened.

I know my friends have varying views Of taxes and inflation. But they're not topics I would choose For dinner conversation.

I like to settle down, content To feed the fellow inner. There's time enough for argument When we have finished dinner. Copyright, 1952, Edgar A. Guest

## IKE SAYS U. S. GETS "CHANGE" NEXT TUESDAY

By RELMAN MORIN

CHICAGO (AP)—Gen. Dwight D. Eisenhower pushed his presidential campaign toward a climax today with an assertion that the American people are demanding a change of government, and the confident prediction—

"That demand will be satisfied four days from now."

Eisenhower returns to New York today after a final foray into Illinois, the home state of his opponent, Gov. Adlai Stevenson. He has a nation-wide television appearance, in the form of an interview, tonight at 10 p.m. (EST) over NBC.

## Last Major Speech Monday

His last major speech, before the voting begins, is scheduled to be delivered in Boston Monday night. As the campaign drew near an end, Eisenhower held inexorably to what he says are the four central issues—"Korea, communism, corruption and peace based on prosperity."

In his appearances in Chicago yesterday, he said the Democrats are trying to fog over these issues with a personal attack on him, and by spreading a fear campaign.

## People Not So Blind

He ridiculed the personal criticisms by reminding his audiences that his opponents wanted him to be their candidate four years ago. And he said the people are not being frightened by Democratic claims that a GOP victory would mean another depression, cuts in social security and so on.

He told a Chicago audience last night:

"The extraordinary thing is that the opposition thought the American people would be so blind, so beaten down by seven years of Fair Deal misrule that they would not rise up and demand a change, a change to a government of honesty, vision and courage."

## Optimism In GOP Camp

"But that demand will be satisfied—four days from now."

Victory claims are standard fixtures in every political campaign, but Eisenhower's statement reflects the atmosphere of optimism that is growing among his advisers

now. They have noted reports from professional pollsters that indicate Stevenson may be gaining ground in this stretch phase of the race.

If the governor's stock is rising, they say, the upsurge is coming too late.

Eisenhower's top strategists believe they have a better-than-even chance to carry the two big doubtful states, New York and California. The third biggest, Pennsylvania, is considered in the bag. Together these three would mean 109 electoral votes. It takes 266 to win the presidency.

## To Crack South

One of Eisenhower's lieutenants said today he has seen nothing to change the feeling that, this year, the Republicans have a chance to break into the solid bloc of Southern states.

Eisenhower's advisers consider Virginia the most likely possibility of a break. They put Florida, South Carolina, Louisiana and Texas—in that order—as the next most likely in their calculations.

As for Illinois, with 27 electoral votes, Eisenhower made the one-day trip in the hope that his appearance would tip the balance in what looks like a close race.

## 3 Talks And Motorcade

Eisenhower's day in Chicago resembled, in many ways, the experience he encountered during the week in his intensive combing of New York. He made three set appearances and motorcaded through widely separated areas of the city.

At the Western Electric plant, some 15,000 people were waiting to see him, and they applauded some of his statements, but with no wild enthusiasm.

## Crowd Periled By Stevenson's Train

SILVER SPRING, Md. (AP)—A tragedy was barely averted here Friday when Gov. Adlai Stevenson's campaign train, having overshot its stopping place, suddenly backed up on a crowd that had pressed around the rear car.

There were shouts of "Stop the train, stop the train" from the crowd and a scramble to get out of the way.

A railroad man pulled the emergency stop cord and the train halted without hitting anyone.

Several persons were knocked

down, however, in the rush to get out of the way of the train.

The Silver Spring rescue squad said no one was seriously hurt.

## STEAL PAYROLL AT HOSPITAL

PHILADELPHIA (AP)—Three robbers grabbed a \$10,000 construction company payroll at Philadelphia General Hospital Friday.

About 20 minutes after the payroll had been delivered to the field office of McCloskey &amp; Co., builders of a new hospital wing, time-keeper Thomas Faris told police, one man tried to enter his locked office.

A short time later the three robbers, all described as Negroes, cornered Leslie Reliford, a foreman, in an adjoining building and took a key to the office from him. While two of the men held Reliford, the third went to the office, unlocked the door and pushed his way in.

Inside, the robber pointed a gun at Faris who had swept the box containing 128 pay envelopes off the desk and told him "you better push it out or I'll blow your head off."

Faris complied. The robber pulled a small white bag, resembling a pillowcase, from his pocket and stuffed the money into it. Then he left the office, shouted to his companions, "I got it," and the three ran off.

## SLAYER GETS 24TH RESPITE

HARRISBURG (AP)—Edward Hough, sentenced to die Nov. 10 for the 1948 slaying of a Philadelphia policeman, today was granted his 24th respite from the electric chair.

Gov. John S. Fine issued the stay, extending Hough's date of execution until Jan. 12, 1953. Hough has been convicted of killing Patrolman Cecil Ingling during a Philadelphia supermarket holdup.

At the same time the governor issued stays of execution for Theodore Elliott, Philadelphia; Ollie Carey, Montgomery County, and Dominick Daversa, Westmoreland County.

## Waits Court Decision

Fine said he granted Hough's stay because of an appeal by David Almeida, an accomplice of Hough in the holdup, now pending before the U. S. Supreme Court.

Elliott, whose appeal for commutation of the death sentence was turned down last week by the state pardons board, had his execution date set back from next Monday until Jan. 5. He is convicted of the slaying of Patrolman George J. Mitchell during a holdup in Philadelphia last year.

## Set Date For Trial Of Young Fugitive

NEW YORK (AP)—The young survivor of a gun duel in a Harlem flat last month in which two prison fugitives and a detective were killed, goes on trial here Nov. 17.

Elmer Schuer, 21-year-old escapee from the federal penitentiary at Lewisburg, Pa., whose two buddies died in the apartment melee, pleaded innocent Thursday to indictments charging him with robbery, kidnapping and violation of the weapons law.

Bronx County Judge James M. Barrett set the trial date. Schuer is now being held in \$100,000 bail.

Det. Philip La Monica was killed and Det. Nicholas Cotter, released from a hospital only a few days, was critically wounded in the gun fight Sept. 21.

## CONVICTS END ILLINOIS RIOT

CHESTER, Ill. (AP)—Convicts ended their four-day rebellion at Menard State Prison Friday and released their seven hostages before Gov. Adlai Stevenson carried out plans for making a personal appeal to them.

The rebel convicts capitulated after an ultimatum was delivered by Michael Seyffert, state director of public safety.

Seyffert told the insurgents, who had been bottled up in the prison's east cell block since Monday, that unless they surrendered heavily armed state troopers would cut through the cell house doors with torches and "use whatever force is necessary to restore order."

of the West Manchester Twp. Consolidated School, was song leader at a recent Parent-Teachers' Association meeting there. Her pupils were the winners of the room attendance award for the past month.

Mrs. Augustine J. Tierney and Miss Bettie M. Tierney had as recent guests Mr. and Mrs. Herbert Lee and son, Charles, with Samuel Hollinger, all of York.

William Hoover, who farms the Milton Miller place, northwest of town, is preparing to move from there with his family in the near future. Mr. Hoover's teen-age son has been suffering with a severely sprained right arm, suffered when he caught his arm in a piece of farm machinery while assisting there recently.

Each family of Paradise Catholic Parish has been presented with a photograph of their pastor, the Rev. Chester T. Loszewski, at present on leave of absence from his parish because of military duty as a chaplain in Korea. The pastor was photographed at the Paradise Rectory of which he is also chaplain last spring when he made a short visit there just before going overseas.

The photographs were made and presented by John J. McCormack, a former parochial boy, now employed at St. Joseph's Catholic Rectory, East York.

The Rev. J. Keller Brantley, recently chosen pastor of the Holtschwamm Reformed congregation, spent this week at Columbus, Ohio, to attend the National Interdenominational Convocation of Town and Country Churches.

## Mummasburg

MUMMASBURG—Mrs. Ethel Hoffman and daughter, Evelyn, Rocky Ridge, Md., spent the last week with Miss Alma Fritz and other relatives at this place.

Mr. and Mrs. Boyd Warner and son, Waynesboro, were recent visitors at the home of Mr. and Mrs. Kenneth Miller and family.

Mrs. Clyde Wilson and son, Melvin, Miss Barbara Ann Wilson and Richard Wilson spent Sunday at the home of Mr. and Mrs. Glenn Emet and family, near Wrightsville. They were accompanied as far as York by Mrs. Bruce Wilson and son, Gary, who spent the day with relatives there.

Mrs. Ruth Sell and Mrs. Florence Wilson accompanied the pilgrimage of the Arendtsville and Biglerville Reformed churches to Homewood, the Evangelical Reformed Church Home for the Aged near Hagerstown, on Sunday afternoon.

# Riding with Russell

REG. U.S. PAT. OFF.  
by FREDERICK C. RUSSELL  
Member S.A.E.

The automobile clubs know that merely keeping the car tight is no assurance of not losing your bearings.

## Pressures Go Up

Some things about the changing automotive engineering picture seem to be upsetting logic. Take the modern cooling system, for instance. Higher compression and more power tend to raise operating temperatures, yet instead of finding the manufacturers enlarging the radiator we note that radiator capacity actually is decreasing. But by increasing the pressure under which the coolant operates it is possible to use the smaller radiator successfully. If the pressure cap maintains the system at a pressure of 4.5 pounds, for instance, the coolant, if water, won't boil until it reaches a temperature of 226 degrees Fahrenheit. If the pressure within the system is 10.3 pounds the coolant, if water, won't boil until it reaches a temperature of 240 degrees.

Where ethylene glycol anti-freeze is used the normal boiling point of water then rises. Here we have a double safeguard against loss of coolant through overheating. But there is something on the debit side, too. We have to be more careful of leakage. The coolant is more eager to escape.

## Dangerous Escape Spot

In making some tests on how persons are injured in car accidents engineers and physicians have come up with a most practical suggestion. Finding that many people have been severely injured through having loose objects in the car hit them in the back of the head the observers warn against the popular habit of allowing a lot of miscellany to collect in the area around the back of the rear seat. A recent check showed that in one car there was an umbrella, a very heavy emergency flare, a screwdriver, and a metal box containing facial tissues. Many tourists add various extra items which may be hazardous if suddenly tossed into the air.

It is not generally known that if a clutch test shows that the unit is slipping the trouble can be due merely to trouble with the external linkage, not with the clutch itself. The test, in case you have never had occasion to try it, is to start the engine and set the hand brake. Then press down on the clutch pedal and shift to high gear. When you let the clutch pedal up the engine should stall immediately, if the clutch is all right.

Mechanic Joe Speaking: "Whenever the engine develops the sort of noises which are not easily classified, or which do not have obvious adverse effect on the car's performance, it is a good idea to see what happens when the car is accelerated or slowed down. Don't be rough about this, however. Just give the motor a little more gas or allow the car to slow down so that the motor brakes the car.

"If the noise comes from loose tappets, or too much tappet clearance, it will do a disappearance act as soon as there is more pressure on the moving parts. Looseness always shows up most when parts are allowed to move more freely. It is the same with checking loose universal joints. They

rattle when 'floating.'"

## Speed Up Starting

Rapidly approaching the season of year when starting becomes a chore for those who do not observe the rules it should be proposed to suggest a few causes of delay which are a little off the beaten track. When a friend of mine ran into trouble getting the engine under way, they discovered that the sediment bowl of the fuel filter was clogged. Some recent cases have shown fuel pump weakness to be quite a factor. An engine consumes a lot of fuel during the starting and warm-up period, and if the pump fails to refill the carburetor float bowl promptly there are delays and mixups. A lot of trouble stems from a too lean mixture, not because of faulty action of the carburetor but simply because air is drawn into the cylinders around worn intake valve guides or leaks around the intake manifold.

I always read what others have to say on the subject of automobile care because it's a big topic and no one can know the whole story. But sometimes I run across advice which calls for prompt revision, such as the suggestion to remove bugs from the radiator core by directing a stream of water from the garden hose against the radiator from the engine side. I doubt if this can be done without wetting the motor's ignition system, and other electrical parts. Mechanics always use air from a tire pump for this job.

## Double The Protection

A little tip that may help you get a lot more service from a waxing job is to give the surface a second coat of wax, paste or liquid, about a week after the first one. But don't be discouraged if the surface develops a large number of little spots which seem to resist removal. At this point simply sprinkle some cornstarch on your cheesecloth rag, and polish again. Cornstarch is an old trick to help wax to a polish in damp weather, but I think this way of using it to give the car double waxing is a new wrinkle. I have B.

just tried it. It was a conspicuous success.

I've heard a lot of funny ones in the way of car noises but the snapping noise we recently got with Kathryn's chariot when pressing on the accelerator certainly sounded like a mystery. Suspicion pointed to the vacuum starter switch which on her car is connected to the accelerator pedal. But an ace mechanic knew when he disconnected this control, and still got the noise, that it could not be the culprit. Perhaps you have guessed that the hinge of the pedal was badly rusted. As it went down it passed through a resistance point with a snap. Penetrating oil cured it.

The old cycle of motor developments continues and we now find ourselves getting excited over glass wind-wings and those extra windshields for rear-seat convertible passengers. Wire wheels are back again, and hood ornaments are getting quite common again. We are to have a revival of refrigeration for cars as the top feature for 1953. Some of my mail brings inquiries about the "new" methods of top lubrication for motors. I was using these back in the 20's.

Maybe it's just another evidence of the fact that you can't keep good ideas down.

## In The Motor Mail

Q There is a little paint stain on the rear seat of my car. I have been told that because this was not removed when the paint was still wet there is nothing I can do about it. K. L. N.

A Try using a point remover solvent.

Q For several days the brake pedal seems to jam. There certainly isn't anything binding it. W. R.

A You will probably find trouble with one of the brake cylinder cups. Better check all of them.

Q For several weeks the gas gauge didn't register. After running out of gas and refilling the tank everything is normal again. What do you think happened? J. H.

A My guess is that the float stuck.

Q I recently borrowed a compression gauge to use for testing the engine to find out why it runs so badly. Two of the cylinders do not show any compression at all. These are Nos. 5 and 6. I thought I wasn't using the gauge properly, but repeated tests give the same results. What's wrong? J. J. B.

A The cylinder gasket is blown between those two cylinders.

Q I have been advised to carry the tires at higher pressure. According to the instruction book the car manufacturer apparently doesn't share the same views. K. McB.

A There is this conflict of opinions due to the fact that the car maker is interested in good riding while the tire people are concerned with better tire mileage. If the car doesn't ride hard with two pounds more pressure all around this, then, is the right caper. But if you get more banging over rough roads the lower pressure will save the car. Check pressures when the tires are cool or cold.

Q There seems to be something wrong with the starting of my car although the starter, once it gets into action, operates normally enough. This has been going on for several months and no one seems to be getting at the cause. Have you any suggestions? L. F. C.

A This may be a shot in the dark but I suggest that you check the ignition switch carefully. This switch and the starter are in series. Q What would cause a sort of rumbling noise from the exhaust. I hear this when the engine is idling and when I am starting outside at the rear of the car. T. H., Jr.

A Sometimes this indicates that the carburetor is feeding a too rich mixture.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford, 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

# Allied Troops Lose Triangle Hill Twice To Fanatic Reds

SEOUL, Saturday, Nov. 1 (P)—United Nations troops struggled toward the crest of Triangle Hill in a cold, slashing rain Friday after losing the vital Korean Central Front position to Chinese human wave assaults.

But at nightfall the Chinese still held the crest and the Allied infantrymen pulled back from the close-quarter hand grenade fighting.

Rain clouds cleared and a waxing moon shed a soft, pale light over the death filled ridges.

Allied gloom over the loss of Triangle was eased slightly late Friday when about 175 survivors were found of three units cut off on Triangle. Some were badly wounded. Their comrades had made an epic death stand against the onrushing Chinese hordes.

Second Attempt Fails  
AP Correspondent John Randolph reported from the front that Red machine gun fire stalled the second Allied counter-thrust in mid-afternoon about 150 yards from the muddy crest.

"The assault troops were hoping to find elements of two units that were isolated in the early morning attack and had disappeared behind the Chinese lines," Randolph said.

"An American officer at the scene said that only the utmost heroism of the two isolated units—and by a third unit that was cut up—prevented a breakthrough by the Chinese."

An entire Allied company was trapped on the shell-battered crest early Friday when 2,000 Reds overwhelmed U. N. troops in the worst setback of the bitter, 18-day see-saw battle.

An Eighth Army spokesman said the company was rescued when the Allies regained Triangle's crest in a drizzling rain at 9:15 a.m.

Hold For 45 Minutes  
The drizzle later became a bone-chilling downpour. Allied troops stayed on the height only 45 minutes. They were driven off by fresh waves of Chinese infantrymen and a storm of Communist artillery and mortar fire.

Randolph reported that, shortly thereafter, the U. N. troops began pulling their way back up the southern slopes of Triangle—in the teeth of the artillery barrage and automatic weapons fire.

Although the Chinese artillery was heavy, Allied officers said it seemed to be slackening from the terrific concentrations of the past few days.

"They're going to run out of ammunition sometime," one officer told Randolph. "By God, they better run out of it sometime."

The bloody battle for the Triangle Hill-Sniper Ridge complex drew toward the end of its 18th day with no signs of a let-up by either side. It was the longest continuous battle since the Allies took Heartbreak Ridge on the Eastern Front last autumn. The Allies held Sniper Ridge and its dominant peak, Pinpoint Hill, at last reports Friday.

# Berserk Youngster Shoots Up Family

PHILADELPHIA (P)—An 18-year-old boy, apparently gone berserk after an argument with his father, fired shots from a .22 caliber rifle at four of his brothers and sisters and then held out in the cellar of their home for more than two hours until police smoked him out with tear gas.

Police took Thomas Breen to the Philadelphia General Hospital early Friday on a stretcher where he was treated for gas inhalation and placed under observation. Later he was removed to a police station and charged with threats to kill, violation of the Firearms Act and disorderly conduct. The father, Simon Breen, a pensioner veteran of World War I, also was arrested and charged with intoxication.

# RHEE BEGGED FOR SUPPLIES

PHILADELPHIA (P)—John Foster Dulles, Republican foreign policy expert, says that when he visited South Korea last year, president Syngman Rhee "begged me for more equipment to use more Korean troops" on the United Nations' front line.

Dulles appeared with W. Averell Harriman, mutual security director, in a debate during a meeting Thursday of the World Affairs Council.

The two presented opposite views on the subject of the use of South Korean troops in Korea. Harriman said that 400,000 Korean soldiers now are holding about half of the present battle line. Dulles countered with his statement that Rhee had asked for more equipment to employ more of his countrymen in fighting the Reds.

Dulles asked those attending the meeting to look back over the Republican record on foreign policy when the GOP controlled the Congress in 1947 and 1948. In that time, he said Greek-Turkish aid was voted and the Inter-American Aid Act passed.

Harriman replied that "when it seems expedient, Republican spokesmen lay full claim to the major accomplishments of the present administration."

# STEEL STRIKE WAS COSTLY

NEW YORK (P)—The steel industry had a good look today at some of the costs of last summer's 54-day steel strike.

Bethlehem Steel Corp., the nation's No. 2 producer, disclosed yesterday that its net income for nine months ended Sept. 30 dropped nearly 26 million dollars below that of the same 1951 period.

Earlier, U. S. Steel Corp., biggest in the industry, had reported a decline of more than 38 1/2 million in its nine-month net.

Both steel leaders estimated an even sharper fall in their provision for federal taxes based on income.

Bethlehem's tax bill for nine months this year was nearly \$5 million dollars lower; U. S. Steel's was off by 229 million.

# Cost Increasing

The nine-month earnings of Bethlehem totaled \$4,421,705, equal to \$3.81 a share, compared with \$67,155,347, or \$6.50 a share, in the like 1951 period. For the third quarter alone, which included nearly half of the strike, the company earned \$17,116,975, or \$1.61 a share, against \$5,378,685, or 39 cents a share, in the preceding three months and \$18,460,372, or \$1.76 a share, in the same quarter a year ago.

E. G. Grace, chairman of Bethlehem, told a news conference late yesterday the company's costs of doing business have advanced "quite a bit" above the increased revenue resulting from the price boosts that accompanied the wage increases at the end of the steel strike.

# Find Bodies Of 2 Missing Hunters

WILLIAMSPORT, Pa. (P)—A three-day search for a pair of Williamsport duck hunters ended with the recovery of the bodies of the two men in the Susquehanna River near here.

The victims, who disappeared on a hunting trip Tuesday, were identified yesterday as Albert McMurtree, 18, and Homer C. McNaney, 37.

The search began after the canoe in which the two hunters had begun their trip was found floating upside down in the West Branch of the Susquehanna near Muncy.

Dr. Clarence R. Martin, Lycoming County coroner, said death was due to drowning. He said there would be no inquest.

to help her mother, who, officers there said, admitted embezzling several thousand dollars to further her 17-year-old daughter's film career.

"My career doesn't mean anything to me now," said the aspiring actress. "Mother needs me now and I want to go back and help her. I'll get a job, if necessary, to help pay back every bit of money they say mother took from her employer."

Her mother, Mrs. Beatrice Hollingsworth, 47, is accused of writing checks against the Kenneth Anderson Co., boiler manufacturers, for \$9,198. Detroit detectives said Mrs. Hollingsworth, a bookkeeper for the concern, may have appropriated \$25,000 or more for personal purposes.

Her daughter was cited earlier this year in a Detroit contest as one of the Motor City's most beautiful girls. Her mother, who once wanted a dramatic career, sent Jill to Hollywood. She had spent 10 days in a professional school of acting.

# EXAGGERATION, SMEARS RUINED '52 CAMPAIGN

By JAMES MARLOW

WASHINGTON (P)—If there was any similarity, at times, between a brawl and the presidential campaign just ending, some of the reason was the reason behind most brawls: one word led to another.

The words, gentle at the start, finally reached the level of "you're another." There were too many words. The campaign lasted too long.

In fact, the candidates may have lost some votes by taking over the time some favorite TV programs would have had.

The campaign might have stayed elevated if Gen. Dwight D. Eisenhower and Gov. Adlai Stevenson had been allowed to argue it out by themselves with everyone else listening in but no one horning in. But others were in the act from the beginning.

# Exaggeration, Smear

There were exaggerations on both sides, some ridiculous, some inexcusable, although exaggeration in a presidential campaign is neither new nor astonishing.

But there was more than just exaggeration in this campaign: There was smear; there were misstatements; there were at-

ttempts at character destruction; and the most elementary human emotions were played upon like a piano. For instance, fear of war.

The nation, which has survived other presidential campaigns that were intense and disorderly, should be able to come out of this one intact.

True, it had fine moments and some real eloquence. But the way the candidates were treated by each—and others—it sometimes might have seemed they were running for sheriff.

The day after election much of the campaign oratory can be forgotten as pure political guff. But the campaign showed the growth of a malignancy which cannot be dismissed or ignored by any concerned with the national well-being.

In recent years the country has been afflicted with a deepening cancer: suspicion of one another. And the campaign nurtured it.

Already thoughtful people are asking a question: how long can we continue along this path of spreading suspicion of one another without destroying ourselves?

It was a memorable campaign. But was it one to be proud of?

# OIL CAN STACK KEEPS BURNING

HARRISBURG (P)—Huge stacks of cans of oil continued burning for the fourth day at nearby New Cumberland today and firemen held little hope the blaze can be put out for another week.

A. F. Hoover, New Cumberland fire chief, estimated some \$19,000 worth of a special impregnate oil used for waterproofing is going up in flames.

Firemen are unable to quell the flames by usual methods and are attempting to secure a bulldozer which they believe may do the job. They cannot reach the center of the fire without moving away some of the stacked crates, Hoover explained.

There are striking similarities between some ancient Egyptian religious writings and portions of the Gospels.

Here are the groceries you got for five dollars in 1939

Here's all you'd come home with today—and no change from your five-dollar bill

**Do you call this prosperity?**

Sure, you're making more money than you did in 1939. The question is: what is it getting you?

It's not getting you more groceries. Food costs have risen 169% since 1939—has your income soared that much? Even before taxes?

It's not getting you any more house for your money. The neat little \$4,000 home of 1939 has a sign on it now that reads: "\$11,995." And the \$40 apartment of those solid earlier years is a find now—at \$95.

Shoes, clothing, automobiles, newspapers, a bottle of beer—you name it. Will even your falsely fat 1952 pay envelope hold its own with the soaring cost of any of those commodities?

What do they mean: "You never had it so good"?

If that's prosperity, we can't afford it.

And we can't afford a government determined to ram that kind of phoney arithmetic down our throats—and trying to make us like it.

Let's put in the men who'll stop these shady shenanigans—who'll put the brakes on this get-nothing spending—who'll make your dollar MEAN something once more!

In 1939, \$5 bought:	Today \$5 buys:

Approximately 500 boys and girls of Littlestown and vicinity enjoyed a movie at the Towne Theater followed with refreshments served in the rear of the VFW home, West King St., through the courtesy of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars. This was a special Halloween treat for the students of the local public school and St. Aloysius Parochial School. At the theater a Judy Canova film was shown.

The members of the Girl Scout Troop No. 12 and their guests enjoyed a Halloween party on Thursday evening in St. Aloysius parish hall. Games were played, contests held and refreshments were served. Prizes were awarded for costumes to the prettiest; Allen Ernst, funniest; Laura Rang, hardest to guess; Jessie Beck, most original, and smallest, Roberta Bevenour. ## Littlestown WOMAN'S CLUB WILL BANQUET ON WEDNESDAY

The annual fall banquet of the Woman's Community Club of Littlestown and vicinity will be held on Wednesday evening at 6:30 o'clock in the social hall of Redeemer's Reformed Church. The banquet is \$1.50 a plate and reservations for the affair should be made by Monday with any member of the Education Committee composed of Mrs. Garnet E. Schellhase, chairman, Mrs. Anna B. Eighteen members and two visitors were in attendance at the October meeting of the Ladies Aid Society of St. John's Lutheran Church on Thursday evening at the church. The opening devotions were led by Mrs. Joseph Selby. The group sang "Trust and Obey" and read an article on stewardship, respectively. A piano solo was played by Miss Evelyn Harget. Prayer was offered by Mrs. William C. Karns. Readings were given by several of the members. During the business session, which

was in charge of the president, Mrs. Dallas W. Shriver, the society decided to contribute \$200 to the church building and improvement fund. The birthdays of the following members were noted: Mrs. Oliver Erb, Mrs. Kenneth Miller, Mrs. Ralph Wantz and Mrs. Mildred Shyrock. It was decided to hold the November meeting one week in advance of the regular time, due to the Thanksgiving holiday. The meeting will take place Thursday, November 20, at the church with Mrs. Elmo Jones, Mrs. Sylvester Rickrode, Mrs. Lewis Lippy and Mrs. Norman Johnson serving as hostesses. At this meeting a white elephant party will be featured and the members are requested to bring their rainy day bags, which will be collected.

During the social hour games were played and contests held. The contest winners were Mrs. Oliver Erb, Mrs. Dallas Shriver, Mrs. Elmo Jones and Mrs. Sylvester Rickrode. The

A public oyster supper will be held at St. John's Lutheran Church on Saturday, December 13, serving beginning at 4 o'clock. The supper is being held for the benefit of the church building and improvement fund.

the assets of John R. Kobler, Harrisburg restaurant operator who was sentenced to serve three months in prison charges of evading payment of \$72,166 in federal income taxes for 1945-48.

Kobler, who was placed in custody Thursday after the sentence was imposed in Federal District Court in Philadelphia, was also fined \$1,000. Federal Judge Allan K. Grim said it was undetermined

where Kobler would serve the term but that it probably would be the Lewisburg Penitentiary.

Julien Hanssens, division chief of the Harrisburg Internal Revenue office, filed liens totaling \$143,730 against Kobler in Dauphin County Court. He said the liens represented the \$72,166 in evaded taxes, plus 50 per cent fraud penalty and six per cent interest for each year the amount was due.
